

Learn Serenity

To all evolving Masters,

Your thoughts, words and choices are defining the life that you have lived, the life that you are living and the potentials that are forming into your future. You are the definer of your realm.

Create with purpose.

Why learn Serenity?

Serenity Vibration Healing® and Enlightenment Technique is a transformational personal empowerment modality that was introduced to the world in 2001 through Jill Marie. As a gifted clairaudient, Jill Marie channeled the mechanisms and principles of this active form of prayer directly from the Creator.

The primary purpose of the Serenity Vibration Healing® (SVH) is to support the graceful evolution to higher consciousness for all human beings. When you move beyond limiting beliefs and ideas of separation, you elevate your own consciousness and help to support the collective transformation to a higher consciousness. Having said that, the universal laws of free will invoked by the Creator support your sovereign choices to create without unwanted interventions spoiling your experiences. The Creator will never break the laws of free will to change your reality. It is a choice to change. SVH gives an open invitation to the Creator to intervene and this will change millions of lives.

SVH offers many tools and mechanisms to achieve this. Re-scripting formatting from genetic, current life and soul lineage experiences (through line clearing) assists to release us from the past. Clearing and shielding processes are designed to maintain sovereignty and autonomy to ensure freedom from manipulation and suppression throughout the evolution. The re-scripting tools, enlightenment and healing processes are calibrated to aid in an individual's smooth conversion to an elevated vibration and light quotient.

Every facet of this modality is aligned with the highest principles of divine truth and the divine timing of each recipient that empowers the Creator to implement the mechanisms of the Serenity Tools.
